

CARIBBEAN HEALTH RESEARCH COUNCIL

VACANCY

Applications are invited for the post of **HEALTH RESEARCH SCIENTIST** with the Caribbean Health Research Council.

DUTIES

To promote, support and actively facilitate Essential National Health Research [ENHR] activities.

To work with researchers in the development of proposals, analysis of data and preparation of reports.

QUALIFICATIONS

A Higher Degree in Statistics or Epidemiology. Having an MBBS or a PhD would be an asset.

EXPERIENCE

At least five (5) years experience in conducting research. Experience in advising on matters related to research and in the handling of large data sets.

SPECIAL EXPERTISE/AREA OF CONCENTRATION

A track record in the conduct of original research, an ability to attract research grants and experience in the conduct of training workshops. Familiarity with health research systems in the Caribbean would be an asset.

PERSONAL ATTRIBUTES

Enthusiasm for research and excellent interpersonal and communication skills.

Salary will be commensurate with training and experience.

Full particulars of qualifications, experience, nationality, marital status and the names and addresses of three (3) referees (one of whom should be from your present organization) must be indicated. Applications (and references) should be sent to:

**The Director
Caribbean Health Research Council
25a Warner Street
St. Augustine
Trinidad & Tobago**

THE DEADLINE FOR APPLICATIONS IS JANUARY 15, 2003.
